Kühle-Weidemeier

**International 9th ASA
Recycling Days**
**MBT as a Supplier of Secondary
Raw Materials**
29th of February – 2nd of March 2012

Patronage: Dr. Norbert Röttgen
German Minister of Environment

Content

Preface <i>T. Grundmann</i>	VI
Preface <i>M. Kühle-Weidemeier</i>	IX
<u>I Introduction</u>	
MBT in Germany and Europe – Development, Status and Outlook <i>M. Nelles, G. Morscheck, J. Grünes</i>	1
MBT's Contribution to Climate Protection and Resource Conservation <i>K. Ketelsen</i>	17
Mechanical Biological Treatment (MBT) in the UK- A personal view - <i>Ph. Russell</i>	43
<u>II Political, legal and economical frame conditions</u>	
Consequences of the European IE Directive for Plant Operators <i>S. Meyer</i>	49
Revision of Waste Treatment Industries BREF Document – What are the implications for MBT Operators? <i>M. Kühle-Weidemeier</i>	63
Marketing Opportunities for German Recycling Technology <i>N. Denz</i>	73
Portability of waste management concepts and technologies <i>F. Kölsch, C. Heußner, K. Fricke, M. Ginter</i>	77
<u>III Consequences of new frame conditions</u>	
Influence of the revised German waste law on the source separated collection of organic waste and recyclables <i>G. Becker</i>	85
Adapting Waste Fees to Changing Material Flows <i>K. Gellenbeck, K. Heuer</i>	91
Developments in the trade of emission certificates (CDM) <i>P. Oligmüller</i>	100

Increasing co-incineration requirements and the utilization of Solid Recovered Fuels (SRF) to realize the best overall environmental outcome	106
<i>J. Geiping, S. Flamme</i>	
Material recovery is sensibly amended by incineration – Example mtm Group	117
<i>M. Scriba</i>	
 <u>Session B International workshop</u>	
The Ten Commandments of Waste	130
<i>Ph. Russell</i>	
Design of MBT plants - a strategy for international markets	137
<i>I. Steinberg</i>	
The full flow wet anaerobic MBT plant in Malta	373
<i>V. Magri</i>	
The Biopole Project: design, construction and start-up of a 75,000 tpa MSW facility	149
<i>P. Turba, L. Vizioz</i>	
Current Status and future role of MBT in Italy	168
<i>F. Adani</i>	
Destinations for the High Calorific Fractions from Mechanical and Mechanical-Biological Treatment	177
<i>M. Kühle-Weidemeier</i>	
 <u>IV Development potential of MBT technology</u>	
Flexible management for separate treatment of organic and residual waste in one plant at the waste management centre Rhein-Lahn	187
<i>G. Müller, A. Warnstedt</i>	
Material stream specific conversion of disposal plants Example of a further development of the MBT Association of the ZAK	204
<i>J. B. Deubig</i>	
MBT with integrated utilisation of organic waste	217
<i>R. Eitner</i>	
Extraction of recyclables for reuse from mixed collection	227
<i>M. Monzel</i>	

DIESELWEST - Realisation of an Industrial Prototype of a Plant for the Production of Oil from the High Calorific Waste Fraction <i>Ch. Haupts</i>	234
The Utilisation of MBT Fractions in a Concord Blue Reformer <i>H.J. Mühlen; S. Flahs</i>	244
Role of MBT in removal and mining of landfills <i>St. Gäth, B. Gallenkemper</i>	254
 <u>V Optimisation of MBT</u>	
Optimisation at the MBT Pohlsche Heide with Dry Digestion <i>Th. Kropp</i>	266
Optimisation Approaches at the Example of the MBT of South Lower Saxony <i>M. Rakete</i>	274
Optimisation of the MBS plant ZAB Nuthe-Spree <i>H. Lingk</i>	284
Approaches to MBT Technology Optimization by the Example of RABA Chemnitz (Physical Drying) <i>J. Schatz, U. Römer</i>	293
Integrated Development Concerning a Resource-Efficient Operation of MBT-Processes with RTO-Technology <i>O. Carlowitz, O. Neese, K. Ketelsen</i>	303
 <u>VI Anaerobic digestion (AD) of separately collected organic waste (Biowaste) - Operational experience with different technologies</u>	
Organic Waste Treatment through Partial Stream Anaerobic Digestion in the Plug Flow Process (Composting Plant Warendorf) <i>A. Oechtering</i>	318
Enlargement of the Composting Plant Gütersloh with a Bio-gas Plant Operating with the KOMPOFERM®-Process <i>S. Böhme</i>	325
Experience with Continuous Dry Digestion Using the Example of the Digestion Plant in Hoppstädten (from the view of the supplier and the operator) <i>T. Baumann, F. Schwarz</i>	344

Extension of a Composting Plant by an Anaerobic Step	358
<i>J. Hezel</i>	
Pre-Treatment of Organic Wastes for Wet Digestion Systems – Technology of Komptech	366
<i>M. Wellacher</i>
