Content

I General and International Aspects of MBT

Lessons from Municipal Solid Waste Processing Initiatives in India. <i>Kurian Joseph</i>	1
Biogas from Municipal and Agricultural Bioorganic Waste: Renewable Energy for China <i>Raninger, B.; Zhao, Y.; Ji, R.; Li, A; Bidlingmaier, W.; Li, R.; Li, R.</i>	12
Mechanical Biological Treatment as an Effective Alternative for Landfilling of MSW in Shiraz <i>Sabouri, M.; Gheytasi, F.</i>	30
The Role of Alternative Waste Technologies in Australia in Achieving Sustainable Waste Management <i>Gamble, D.</i>	41
Mechanical – Biological Treatment Experiences in Greece: Problems, Trends and Perspectives <i>Haritopoulou, T.; Lasaridi, K.</i>	51
Could MBT Plants be the Solution to Fulfil Landfill Directive Targets in Portugal? <i>Pires, A.; Martinho, M.G.; Silveira, A.</i>	63
Promoting the Uptake of Advanced Waste Management Technologies in the UK <i>Gandy, S.</i>	73
Revision of the European Waste Directive <i>Hagmann, J.</i>	81
MBT: Yesterday's Technology or Synergistic with a New Low Carbon Economy <i>Archer, E.</i>	89
Capability of MBT to meet treatment targets in different EC states <i>Müller, W.</i>	91
Mechanical-biological Treatment of Waste in Austria: Current Developments <i>Neubauer, C.</i>	105
Drawing the Materials Balance for an MBT Cycle from Routine Process Measures in a MBT Plant located in Venice <i>Nicosia, S.; Lanza, P.A.; Spataro, G.; Casarin, F.</i>	116

II Short Presentations

Experiences with the Operation of the Nehlsen-Drying-MBT-Plant Stralsund <i>Breuer, W.</i>	128
MBT Concepts of an Internationally Acting Engineering Company <i>Pilz, G.</i>	143
Mechanical-biological Treatment with the Plant Concept 3A-biogas <i>Müller, H.</i>	157
Research and Development Results of the Mechanical Biological Treatment Process NEW EARTH in the UK <i>Lübke, A.</i>	163
Modification and Optimisation of Existing MBT Plants Using BTA Technology <i>Rahn, T.; Bozano Gandolfi, P.</i>	177

III MBT Experiences and Optimisation

Current Situation and Experience with MBT in Germany <i>Kühle-Weidemeier, M.; Langer, U.; Hohmann, F.; Butz, W.</i>	187
Two Years of Experience with New German Regulations for MBT Plants: View of an MBT Operator <i>Warnstedt, A.; Dach, J.; Müller, G.</i>	204
Suitability of MBT Facilities for Treatment of Different Kinds of Waste <i>Scotti, S.; Minetti, C.</i>	220
MBT for a Sustainable Development – Vision 2020 <i>Schu, R.</i>	232
MBT Operation in Wilsum – Field Report <i>Schrap, H.; Hoffmann, W.</i>	244
Weak-point Analysis: Example MBT Wilsum <i>Scheffold, K.-H.</i>	255
Optimisation of the MBT Schwanebeck <i>Kleinke, M.</i>	272
Construction and Start-Up of the MBT Kahlenberg Results of an Attendant Research Project Promoted by the EU <i>Schneider, R.; Rettenberger, G.</i>	282

IV Mechanical Treatment and Automatic Sorting

Perspectives of Sensor Based Sorting for the Processing of Solid Waste Material	296
<i>Killmann, D.; Scharrenbach, T.; Pretz, T.</i>	
Sensor-Based Sorting Systems in Waste Processing	308
<i>Habich, U.</i>	
Metal Sorting in Waste Treatment – Improvement of Quality and Economical Backbone	318
<i>Kohaupt; U.</i>	
Solid waste material characterisation and recognition by hyperspectral imaging based logics	326
<i>Serranti, S.; Bonifazi, G.</i>	
IPPC-Directive and Best available techniques (BAT / BREF) for Sorting Technology	337
<i>Kalmbach, S.</i>	
Investigations on the Separability of Dynamically Dried Municipal Solid Waste – First Results	349
<i>Bartha, B.; Brummack, J.</i>	
Simulation of Mechanical Conditioning Processes in Waste Treatment	360
<i>Zwisele, B.; Rosenkranz, S.; Nordwig, A.</i>	
Optimisation of Fuels from MBT Processes	372
<i>Ibbetson, C.; Wengenroth, K.</i>	
Applying Mechanical Pre-Treatment and Landfill Mining Approach in recovering Refuse Derived Fuels (RDF) from Dumpsite Waste	385
<i>Visvanathan, C.; Norbu, T.; Chimchaisri, C.; Charnok, B.</i>	

V Fuels (RDF) and Recycled Materials

Capacity Development of RDF Power Plants for Secondary Fuels as Market for high calorific MBT output in Germany	397
<i>Greiner, T.</i>	
Tenders and Contracts for the Sale of RDF	403
<i>Michels, N.</i>	
Experiences with Conditioning and Use of RDF from Commercial Waste for Heat Production in Flensburg	414
<i>Oetjen-Dehne, R.; Kalvelage, M.</i>	

Optimised Management of Commercial Waste <i>Knappe, F.; Vogt, R.</i>	427
--	-----

VI Biological Treatment

Critical Analysis of High Moisture MSW Bio-Drying: The Romanian Case Study <i>Rada, E.C.; Ragazzi, M.; Apostol, T.; Panaitescu, V.</i>	440
--	-----

Economic Analysis of Energy Recovery from the Aerobic Bioconversion of Solid Urban Waste Organic Fraction <i>Gorietti, V.; Di Maria, F.; Benavoli, M.; Zoppitelli, M.</i>	452
---	-----

Optimisation of Intensive Rotting Processes – Comparison of Experiences with Tunnel and Container Rotting (Composting) Systems <i>Mähl, B.</i>	467
--	-----

Dry Fermentation: Ideal for the Biologically Treated Fraction? <i>Caviezel, M.</i>	479
--	-----

Waste Fermentation and Sand: No Problem? <i>Schu, K.; Schu, R.</i>	489
--	-----

VII Sampling and Analytical Methods

Sampling and Conditioning of Waste Samples/ Devices for the Conditioning of Waste Samples <i>Kühle-Weidemeier, M.; Hohmann, F. / Graf, J.</i>	502
---	-----

Assessment of the Biological Activity of Residual Waste – Comparison of British and German Anaerobic Test Methods <i>Bockreis, A., Müller, W.; Steinberg, I.</i>	503
--	-----

Thermal Analysis for MBT Process and Quality control <i>Smidt, E.; Tintner, J.</i>	514
--	-----

VIII Emissions and Emission Treatment

Customised Exhaust Gas Treatment for MBT: Costs, Maintenance Effort and Efficiency of the Combination RTO (Regenerative Thermal Oxidation) / Chemical Scrubber / Biofilter at MBT Neumünster <i>Bisdorf, R.; Fliegensdörfer, T.</i>	524
---	-----

Operational Experiences and Optimisation Potential for the Application of RTO at MBTs <i>Neese, O.; Carlowitz, O.; Reindorf, T.</i>	538
---	-----

Ecobalance of Regenerative Thermal Oxidation (RTO) Regarding the Avoidance of Greenhouse Gas Emissions	552
<i>Dach, J.; Warnstedt, A.; Siemion, J.; Müller, G.</i>	
Laboratory Biological Process for Treatment of Leachate from the Initial Phase of Landfilling of Mechanically Sorted Organic Residue and Mechanically-Biologically Treated Municipal Solid Waste	565
<i>Kaparaju, P.L.N.; Rintala, J.A.</i>	

XI Posters

Modelling of Landfilling Acceptance of Residue from Refused Derived Fuel Generation	575
<i>Ragazzi M., Venturi M., Rada E.C., Apostol T.</i>	
Study on Selected Odorous Compounds at the Barycz Municipal Landfill Site in Krakow, Poland	585
<i>Sadowska-Rociek, A.; Kurdziel, M.; Piejko, K.; Szczepaniec-Cieciak, E.</i>	
Interpretation Approaches of Infrared-Spectroscopic Waste Analysis in Order to Assess Biological Stability	597
<i>Tesar, M.; Meissl, K.</i>
