Summary	ix
Acronyms	xix
CHAPTER ONE: Background and context	1
1.1 Initial observations in Dormaa	1
2.1 Definitions of key terms	2
1.2.1 <i>Natural environment</i>	2
1.2.2 <i>Environmental governance</i>	2
1.2.3 <i>Livelihood and livelihood strategy</i>	3
1.2.4 <i>Institution</i>	3
1.2.5 <i>Right</i>	4
1.2.6 <i>Statutory and customary institutions</i>	4
1.2.7 <i>Interaction</i>	5
1.2.8 <i>Quotation presentation and referencing</i>	5
1.3 Unresponsiveness of environmental governance to institutional interaction	6
1.4 Study aim and objectives	8
1.5 Study scope and assumptions	9
1.6 Multiplicity of institutions shaping environmental behaviour	12
1.7 Organisation of report	14
CHAPTER TWO: Study methodology	17
2.1 Introduction	17
2.2 Methodology principles	17
2.3 Case study and underpinning principle	18
2.4 Interpretivist perspective and underpinning principle	20
2.5 Social constructionism basis of study	22
2.6 Units of analysis	23
2.7 Data collection methods	24
2.7.1 <i>Communities and discussion partners</i>	24
2.7.2 <i>In-depth individual discussions</i>	27
2.7.3 <i>Group discussions</i>	29
2.8 Methodological challenges	32
CHAPTER THREE: Dormaa and its customary property right regime	34
3.1 Introduction	34
3.2 Dormaa: people and meaning	34
3.3 Location of Dormaa Municipality and Dormaa East district	35
3.4 Study area vegetation and agriculture	36
3.5 Dormaa epistemology of life and nature	39
3.5.1 <i>Subject</i>	39
3.5.2 <i>Community and ancestry in knowing</i>	39
3.5.3 <i>Unbroken relationship between generations</i>	40

3.6	Dormaa ethnic grouping and social structure	42
3.6.1	<i>Dormaa clan</i>	42
3.6.2	<i>Matrilineal inheritance</i>	42
3.6.3	<i>Social (kinship) system</i>	43
3.7	Dormaa customary property right regime	47
3.7.1	<i>Structure and hierarchy</i>	47
3.7.2	<i>Categories of rights in Dormaa customary land</i>	49
3.7.3	<i>Contents of rights in customary land</i>	52
3.8	Spatial description of Ghana	54
CHAPTER FOUR: Discourse on governance					56
4.1	Introduction	56
4.2	Conceptual definitions of governance	56
4.3	Debate on shifts in governance	59
4.3.1	<i>Subject</i>	59
4.3.2	<i>Society-centred governance</i>	60
4.3.3	<i>State-centred governance</i>	63
4.3.4	<i>Reconciled position</i>	66
4.4	Reconstitutiveness of human action and governance institutions	68
4.5	Concluding remarks	70
CHAPTER FIVE: Institutional interaction in environmental governance					72
5.1	Introduction	72
5.2	Institution	73
5.2.1	<i>Definition</i>	73
5.2.2	<i>Types of institution</i>	74
5.2.3	<i>Institutional interaction</i>	76
5.3	Structural view of institutions: property right debates	78
5.3.1	<i>Private property right theory</i>	78
5.3.2	<i>Public property rights theory</i>	80
5.3.3	<i>Weaknesses of property right theories</i>	81
5.4	Social dimension of institutional interaction	84
5.4.1	<i>Definition</i>	84
5.4.2	<i>Forum shopping</i>	85
5.4.3	<i>Agency-structure relationship</i>	87
5.4.4	<i>Hybridisation</i>	92
5.5	Socially-mediated institutional interaction: an analytical framework	93
5.5.1	<i>Interaction process</i>	93
5.5.2	<i>Variables of institutional interaction framework</i>	94
5.6	Concluding remarks	98

CHAPTER SIX: Environmental governance discourse and practice							
in Ghana 99							
6.1	Introduction	99
6.2	Contested environmental governance	100
6.2.1	<i>Contestations stimuli</i>	100
6.2.2	<i>Precolonial era (before 1840s): institutional synergy for business interests in forests</i>	104
6.2.3	<i>Colonial era (late 1840s to late 1950s): influence of customary institutions on statutory forestry as connivance and resistance</i>	106
6.2.4	<i>Postcolonial era (late 1950s to date): dominance of public discourse</i>	110
6.3	Influences of international environmental discourse	113
6.3.1	<i>Global discourse influences</i>	113
6.3.2	<i>Continental discourse influences</i>	115
6.3.3	<i>Sub-regional discourse</i>	118
6.4	Environmental and forest policies in Ghana	119
6.4.1	<i>National environmental policy</i>	119
6.4.2	<i>1948 Gold Coast (Ghana) Forest policy</i>	122
6.4.3	<i>1994 Forest and wildlife policy</i>	123
6.4.4	<i>2011 Forest and wildlife policy</i>	124
6.5	Concluding remarks	125
CHAPTER SEVEN: Governance beyond regulation: statutory-customary institutional interaction in teak farming 127							
7.1	Introduction	127
7.2	Teak plantation programme	127
7.2.1	<i>National Forest Plantation Development Programme</i>	127
7.2.2	<i>Institutions and incentives in teak plantation programme</i>	129
7.2.3	<i>Relevance of teak plantations</i>	131
7.3	Teak tree	134
7.3.1	<i>Structure, geography, and history</i>	134
7.3.2	<i>Financial reward</i>	136
7.4	Teak cultivation and customary norms of claims in land	137
7.4.1	<i>Contingent of teak cultivation on claims in land</i>	138
7.4.2	<i>Cultivating teak to guarantee indefeasibility of right in land</i>	140
7.4.3	<i>Contingent of teak farming on autonomy of rights in customary land</i>	143
7.5	Teak cultivation and customary norms on land access	146
7.5.1	<i>Immobility of customary land right</i>	146
7.5.2	<i>Competition between teak and food crops</i>	147
7.6	Teak cultivation and customary norms of land tenancy	151
7.6.1	<i>Cultivation of teak for accessibility to land: taungya group</i>	151
7.6.2	<i>Land lease as institution to overcome customary norm constraints</i>	152
7.7	Concluding remarks	154

CHAPTER EIGHT: Sand winning: constraints to teak farming	156
8.1 Introduction	156
8.2 Sand winning practice	156
8.3 Sand winning as livelihood	160
8.4 Partial autonomy to win sand	162
8.5 Market foundations of sand winning	164
8.5.1 <i>Linkages</i>	164
8.5.2 <i>Sand market</i>	164
8.5.3 <i>Customary land market linkages with sand winning</i>	166
8.5.4 <i>Land scarcity linkages with sand winning</i>	168
8.6 Control on sand winning	170
8.6.1 <i>Limited capacity of traditional councils</i>	170
8.6.2 <i>Limited capacity of district assemblies</i>	174
8.7 Concluding remarks	175
CHAPTER NINE: Interlock of livelihoods and institutions	177
9.1 Introduction	177
9.2 Confronting livelihood in individual and collective strategies	178
9.2.1 <i>Strategies of resistance to sand tax institution</i>	178
9.2.2 <i>Strategies of maximising land lease</i>	180
9.2.3 <i>Strategies for overcoming teak market vulnerabilities</i>	182
9.3 Interactions of governing and being governed	184
9.3.1 <i>Piecing together</i>	184
9.3.2 <i>Unresponsiveness of environmental governance to interlocking of livelihoods and institutions</i>	186
9.4 Revisiting socially-mediated institutional interaction framework	188
9.4.1 <i>Centrality of livelihoods in interaction</i>	188
9.4.2 <i>Reflexivity in environmental governance</i>	191
9.5 Concluding remarks	192
CHAPTER TEN: Reflections on findings and conclusions	194
10.1 Introduction	194
10.2 Restatement of problem, aim, and justification of study	194
10.3 Looking back on chapter discussions	196
10.4 Summary of study findings	198
10.4.1 <i>Response to environmental governance as strategies of derivation</i>	198
10.4.2 <i>Livelihood centrality in and interlock with institutional interaction</i>	200
10.4.3 <i>Environmental governance as integrated land use process</i>	201
10.4.4 <i>Manipulative dynamism of customary property right regime for utility</i>	202
10.5 Theoretical and conceptual implications of findings	203
10.5.1 <i>Livelihood basis of environmental governance</i>	203
10.5.2 <i>Meeting needs across scale</i>	205
10.6 Practical and policy implications of study findings	206
10.7 Limitations of this work	209

10.8 Further research: linkages between livelihoods and environmental responsibility	210
